SUNBEAMS

By WALTER M. BARRETT

The first forest fire in the Truckee district of the Tahoe National Forest has been extinguished without material loss, but it should serve as a warning that the fire season is at hand. With the unusually warm, dry weather, the woods are already powder dry and a fire will spread swiftly in the wind. This district was unusually fortunate last summer by having only small fires, thanks to the fine work of the forest service patrol and suppression crews. It will be easy to maintain an even better record this summer if every one is extremely cautious. The one fire reported thus far was man caused. If everyone using the forest will observe all the rules and regulations of safety, this could be the final fire of the season, but without caution, it can be easily be one of the worst seasons in the history of the district. The answer is up to each individual.

Schools in the district are closing this week and we join with the community in extending hearty congratulations to the graduates. Many will select higher education, others will seek a place in the business life of the world, but whichever choice they make, we wish them all success.

CHARGE SCHEDULE IS FIXED FOR DISPOSAL

James McIver, president of the Truckee Sanitary Board, this week said that the board has adopted a uniform price schedule for disposal service in the district. This schedule has been in effect for some time, but has not been kept. In the future, McIver said, it will be strictly adhered to.

The following are the monthly charges for the various types of services:

Residence, 1 30-gallon can, $2, extra can, 50 cents; grocery stores, $10; service stations, $10; motels with cafes, $15; motels without cafes, $10; cafes, $15; bars, $5; rooming houses, $5; bars with residences, $7; apartments, per unit, $2; trailer courts, per unit, $2; all churches, $2; theater and residence, $7; miscellaneous types of business, such as offices, etc., $5.

SMALL FIRE FOUGHT AT CHAMBERS LODGE

An incipient forest fire started about 1 p. m. Tuesday a mile and a half west of Chambers Lodge, apparently from equipment being used in the development of a subdivision. Hospital Survey Started To Find Growth Solution

Representative Here Will Make Thorough Study Of Conditions

F. G. LaMotte, Jr., representing the American City Bureau, has arrived to start a 30-day survey for the Tahoe Forest Hospital to determine the feasibility of increasing the facilities to handle the rapid and permanent development of the district.

LaMotte will make a thorough study of the entire hospital district with emphasis on the growth and anticipated growth as it may affect the hospital and will make a report to the board of directors with recommendations on how the hospital facilities can be developed to keep pace with the area.

Facilities at the hospital for many months have been inadequate for the growing demands, Administrator J. J. McGlade pointed out, and the directors were faced with a serious problem of expansion.

Just how far this expansion should go and how it will be financed are the questions to be answered by LaMotte.

Reports by other concerns, including the Pacific Telephone Company, predict a spectacular growth for the region and it is the desire of the hospital administration to keep abreast of this expansion.

LaMotte indicated it would take approximately 30 days to make the thorough study of conditions, facilities and needs and to render a complete report.

$25,000,000 Land Deal Made at Lake

RENO— Purchase, at a price of $25,000,000 of the nine thousand acre Incline Valley on Nevada's north shore of Lake Tahoe was announced at Reno.

Buyer of the vast tract, the last large undeveloped area at Lake Tahoe, is the Crystal Bay Development Company headed by Arthur L. Wood, president, of Reno.

The company said it would proceed immediately with plans and engineering toward developing a carefully designed estate-type community on the site.

The transaction was believed to be the largest single property purchase, specifically for development in the history of Nevada if not in the entire west.

Seller of the heavily wooded 14½ square miles was the Nevada Lake Tahoe Investment Company, a syndicate of Oklahoma, Kansas and Hawaiian businessmen who purchased it from Captain George Whittell a year ago. Robert S. Bowers, managing partner of Nevada Lake Tahoe Investment Co., and C. Dale Miller were present in Reno for the final negotiations.

The huge land transfer was handled for the purchasers by the Reno law firm of Bible, McDonald and Jensen. Financial arrangement was carried out by the Nevada Bank of Commerce of Reno and the Liberty National Bank of Oklahoma City.

Total purchase price of $25,000,000 was disclosed at a meeting of principals when final documents were signed in the offices of the Nevada Bank of Commerce.

2½ MILE BEACH

The 9,000 acre valley includes two and one-half miles of undeveloped Lake Tahoe shoreline of which is clean, sandy beach. The property, which encompasses the site of the old Comstock Bonanza lumber center of Incline, extends three miles back from the lake shore into the mountains. It is bisected by the new Mount Rose Road, main route between Reno and Lake Tahoe. Its intersection with the highway circling the lake is in the center of the property.

Virtually all of the 9,000 acres are admirably suited for large scale homesite development, the purchasers said, ranging from gently sloping beach estate sites to spectacular view locations on the higher slopes overlooking the whole of Lake Tahoe. Originally heavily logged during the late 1880's the valley and surrounding slopes once again is clothed with a dense stand of pine, fir and incense cedar.

Separated from other areas of mixed development in the Lake Tahoe region, Incline Valley comprises the last major developable area in Nevada directly adjacent to Lake Tahoe. All of it lies within Washoe County.

Wood indicated that his company would work toward a carefully designed pattern of tree shaded streets, a domestic water system, sewage disposal plant, and a shopping center area convenient to but not detracting from the exclusive residential areas.

Two large beach fronts will be held for community ownership, development and maintenance; with a yacht club and marina facilities, tennis courts, a swimming pool and other club improvements owned by and reserved exclusively for property owners.

The Cambridge Flag, later named the Grand Union Flag by George Washington, was the first flag of the United Colonies.

Joerger Sells Land In El Dorado Co.

PLACERVILLE—The Joseph E. Joerger family has sold 1,678 acres near Clarksville, El Dorado County, to the Retirement Activities Group, a Sacramento corporation, for upward of $1,600,000.

The sal in three units it is revealed in papers filed in the office of County Recorder James W. Sweeney. It was believed the purchases will form the connecting link between two pieces aggregating 8,000 acres acquired earlier by the Retirement Activities Group.

The acreage will be developed by Lindsey & Company, formerly Moss & Moss Realtors, into a $500,000,000 residential - commercial community to be known as El Dorado Hills.

The transaction leaves Mr. and Mrs. Joerger in possession of their home place and approximately 50 acres, the last portion of a cattle ranch which once covered 2,500 acres and extended into the White Rock district of Sacramento County.

The papers indicate the property sold for $1,000 an acre and include 432 acres acquired from Mr. and Mrs. Joerger, 652 acres from a daughter, Mrs. Bertha Joerger Woolverton, and 594 acres from another daughter, Mrs. Elizabeth Joerger McKinley.

Joerger's father, Joseph Joerger was a Clarksville pioneer of 1856 and entered the cattle business in 1858. Joseph E. Joerger was born on the ranch his father acquired in 1880. The old place was located about two miles west of the present Joerger home and has been a part of the family ownership. The house was destroyed in a fire many years ago.

Mrs. Joerger was Mabel Tong, also a Clarksville native. The old Mormon tavern recently marked as a Pony Express stop was located on what became the Joerger ranch.

PRACTICE AT HOME CAN HELP ALL BOWLERS

My friend "Willie the Worrier" was complaining the other day that he can't find time enough to practice bowling. Willie bowls in one league a week, and has trouble finding time to get in any open bowling on the weekends.

I told Willie to quit worrying. While there's no substitute for getting out to a bowling alley for practice, IT IS POSSIBLE to improve your game without going outside your house.

Almost everyone has a basement, a recreation room, or a kitchen which can be used as a bowling approach. All you need is a 16-foot long path to go through your stance, approach, and delivery. You can walk through your approach without the ball, as we illustrate. This way, you can check the length of the steps as well as your pushaway motion and your arm swing. Finally, you can check on your timing—the coordination of your footwork and arm swing.

If you have a linoleum or tile floor, on which you can roll your ball, so much the better. I'd suggest an old mattress or some pillows as a backstop for it.

So, don't be a "Willie the Worrier" about practice sessions. Work on your game at home. You'll feel the benefits when you get out to the bowling lanes!

DONNER DOINGS

By VIRGINIA O'BEAR

Mr. and Mrs. George Nyberg of Glenn County and Mae Ritchie of Sacramento are guests of Mr. and Mrs. George Hansen this week. These people are up for the graduation of Shirnell Hansen and will attend the graduation exercises this Friday evening.

* * *

Dr. and Mrs. Douglas Brodie spent last weekend at Mount Shasta fishing and skiing. Seems funny to hear someone skiing but they are skiing and skin diving in Donner Lake now, too.

* * *

Mr. and Mrs. C. Z. Smith have a new 1960 Galaxie. Smitty and Fredna can be seen now at the Bird & Bottle. He is manager for Jerry Lewis and Fredna is the charming hostess at this new place of business.

* * *

Mrs. Dorothy Metcalfe is up for the summer to reopen the Pink Piers Motel. She is planning a sky high neon sign which will be installed soon.

* * *

Miss Clarita Richards is home for the summer from her college in Utah. She is the daughter of Mr. and Mrs. Jay Richards and brother Dennis is happy to have his sister home again.

* * *

Mrs. Anita Allison just returned from a vacation spent at Klamath Falls. Accompanying her on the trip were her daughter and son-in-law, Mr. and Mrs. William Craig. Gizelle, eighteen month old granddaughter of Mrs. Allison, enjoyed the trip also.

* * *

Donner Lake Resorts held a meeting last Monday evening at Donlac Lodge. Ivan Tofft presided at the meeting with most of the members present. Bob Larsen has been contacted to design and paint the huge sign obtained through the Truckee Donner Chamber of Commerce and a work party will get together this Sunday at the Firehouse to construct the framework and braces for the sign.

* * *

The board of directors of the Donner Lake Volunteer Fire Department met at the home of Roy Slate this week in preparation for the Donner Lake Regatta which will be held July 10. Hap Warnke is in charge of the race course, Ivan Tofft will be in charge of the judges stand and Charlie O'Bear is in charge of the Regatta program and the trophies. All members are working hard to make this a very exciting event as we will be having the regional championships this year. Saturday promises to be a lot of fun as the ladies auxiliary will sponsor a barbecue and a firemen's dance is being planned.

* * *

Officers and members of the board of directors of the Ladies Auxiliary of the Donner Lake Volunteer Fire Department will meet at the home of Dollie Harris Monday evening, June 13. The regular meeting will be held June 16, at the Bird & Bottle and a delicious sirloin steak dinner will be served to the members for the usual price. Be sure to take a friend or neighbor as this is the last meeting of the membership drive. The member getting the most new members will be treated to a dinner by the auxiliary. This is the last meeting before the Donner Lake Regatta so last minute details will be discussed for helping the firemen have a bigger and better regatta.

* * *

Hap Warnke, fire chief of the Donner Lake Volunteer Fire Department will be busy this summer logging in Nevada so former fire chief Emery Lander will standby until this fall when Hap will resume his duties.

* * *

Mr. and Mrs. Barak Wright became proud grandparents on May 27, when Kevin Drake arrived at the home of his parents, Mr. and Mrs. Carl Wright. Carl and Roberta are making their home at Donner Lake now with their brand new son and arrived here from Nevada as Carl was attending college there and working at Dick Graves Nugget. Carl is now associated with his father with the Sierra Construction Company.

Election day at Armstrong Realty at Donner Lake was interesting for Ivan Tofft. He was the only gentleman present and had a time getting in a word with Anita Allison, Ozella Slate and Virginia O'Bear (me). In between the voters we had a nice visit and I can say that since this is the first time to serve as clerk, I rather enjoy it.

Texas is the nation's top ranking state in mineral production.

MUNICIPAL BONDS BUY KNOWLEDGE

The construction costs of most California School Districts, like those of many other local and state projects, such as water systems, sewerage plants, hospitals, flood control districts and airports, are met by public financing through the sale of municipal bond issues.

Municipal bonds are actually promises to pay borrowed money and the interest on that money out of taxes or revenues raised in the area benefited by the improvement. The interest to be paid is determined by competitive bidding between groups of municipal bond underwriters such as those organized by the Bank of America . . . the bonds being sold to the group or individual whose bid requires the borrower to pay the lowest average rate of interest. Under this competitive public sale system, the money saved you as a tax payer or user of the services, can run into many thousands of dollars.

If your community is considering a public improvement, the Municipal Bond Department of the Bank of America will be pleased to help you with suggestions on your municipal financing plans. *Contact us through your nearby Bank of America branch, or call us direct in San Francisco.*

TAHOE TRUCKEE SCHOOL NEWS

TRUCKEE ELEMENTARY

KINDERGARTEN: The highlight of our week came on Thursday when our class got to eat hot lunch in the big cafeteria. Now they know what it will be like when they are first graders.

FIRST GRADE: We have finished our unit on the farm. Now we are working on a circus booklet.

We want to welcome Terria Bazilius to our class.

SECOND AND THIRD GRADE: We celebrated Melanie Anderson's birthday. Mrs. Norman Anderson surprised the children with a cupcake party.

THIRD GRADE: Class officers for the month of June are Steve Silverri, president; Joe Corro, vice president; secretary, Curt Wurst, and Tammie Richards, treasurer.

New monitors are Jonathan McLane, Anna Maria Collier, Larry Juliot, Maryann Atkinson, Mary Lou Randall, and Michelle DeLisle.

FOURTH GRADE: Our officers for the past two weeks were: president, Karel Sauby; vice president, Jennifer O'Bear; secretary, Jill Wurst, treasurer, Jenny Wilhelm. Our officers for the last week are: president, Gail Shackleford; vice president, Phil Risden; secretary, Ken Bretthauer; treasurer, Linda Russell.

Karel Sauby, Linda Russell and Jennifer O'Bear presented a dance for us.

Our best arithmetic pupils are: John Clark, Bob Goldsmith, Stan Greene, Thomas Holleman, Mike Kydd, Linda Russell Karel Sauby, Steve Schooley, Allison Spillner, Barry Waters, and Jill Wurst.

FIFTH GRADE: The fifth grade book report derby ended with Terry Richards taking top honors for the girls and Jack Melugin and Tim McLane splitting the top spot for the boys. On a whole the derby tended to stimulate increased interest in outside reading to a great extent.

SIXTH GRADE: Thursday the 6th grade had a test on Canada. It was mostly mapwork.

Friday we had an arithmetic test. There were three 100s, Barbara McCallen, Betty Saarni, and Diane Pankoke.

EIGHTH GRADE: On Saturday June 4 the 8th grade went to a picnic given by Mr. and Mrs. Doolittle. A lot of people went waterskiing and swimming. Mr. DeWitt drove the boat. Almost everyone got a sunburn.

We invited Kings Beach and Tahoe City 8th grades to our graduation dance on June 9 and in turn Kings Beach invited us to a dance on June 10.

KINGS BEACH SCHOOL

SECOND GRADE: In arithmetic, we are doing multiplication. This week, the following children passed a test on their two and three tables: Lisa Beckman, Debbie Rich, Dona Lisa Beck, Sally Templeton, Eddie Baker, Joan McDonald, Ricky Decker, David Brown, John Gorrindo, Lana Hill, Judy Hoffman, Barry Fisher, Jimmy Baxter, Maurie Manning, Hazel Wainscoat, Janet Stumbo, Scott Ferguson, Vicki Mollhagen, Gary Peters, Gary Price, Andy Timberlake, Jo Burris, Gary Martin, and Rhonda Lumpkin.

Marc Price brought a large lizard to our class—to share with us.

The following mothers offered their services to assist Mrs. Wing on our beach party, Saturday, June 11: Mrs. Essie Loehnert, Mrs. Dottie Martin, Mrs. Ruth Burris, Mrs. Alice Price, Mrs. Margaret Timberlake, Mrs. Lolita Decker, Mrs. Harriet Price, Mrs. Georgia Abrahamian, Mrs. Ellen Templeton, Mrs. Penny Fisher.

DONNER TRAIL SCHOOL

PRIMARY GRADES: The primary students of the Donner Trail School enjoyed very much presenting as their part of the Wednesday evening program to the members of the Donner Summit Community Club, two folk dances. The primary students part of the program was announced by first grader Gayle Payne.

We also had two visitors playing in the band from Truckee school. Patty Kelly played the flute and Sandra Sult the clarinet.

Jay O'Rear, sixth grade, played a few solos on his accordion.

Governor Signs Tahoe Fish Bill

Pursuant to House Resolution No. 239, Governor Brown has signed legislation budgeting $43,000 for the department of fish and game Lake Tahoe trout fishery program. The work will be carried on in cooperation with Nevada fisheries personnel.

The department plans a five-point program.

First, it plans to determine the approximate production of game fish in past years and at present.

Second, the possibilities of stocking large numbers of trout of various strains will be tested. These fish will be marked and extensive creel checks made. Varieties that show promise will be tested further and the department will also experiment on size of fish and place and time of stocking, to learn the most effective stocking program. The goal is to develop a premium fishery for large fish, rather than a put-and-take program.

Also to be studied are the interrelationships of game and forage species and the food chains of the game fish to find out if new forage species would increase game fish production.

Lake Tahoe's stream tributaries will also be investigated to see how important they are to the sport fisheries and whether they can be improved.

Finally, chemical and biological sampling of the lake will be carried out.

New rearing ponds are being built at the San Joaquin Hatchery to supply Lake Tahoe with the fish necessary for the test. The ponds should be ready for use in October.

The lake once supported very large populations of native game fish, mostly Lahontan cutthroat trout and mountain whitefish. In older times the trout supported an important commercial fishery. The trout and the whitefish have mostly disappeared from Lake Tahoe. No one as yet knows why.

Over the years, various species of native and introduced trout have been planted in the lake and its tributaries. Kokanee salmon have also been introduced as forage fish. This stocking and attempted habitat improvement have not contributed much to the betterment of the fishery. California and Nevada biologists and sportsmen became convinced that these practices alone were not enough—that only a thorough and intensive management study could provide the answers. The program about to being is part of such a study.

OFFICERS INSTALLED FOR WOMEN'S CLUB

TAHOE CITY—Mrs. Pearl Friday installed the new officers of the Tahoe City Women's Club at an informal fashion show presented by Mrs. Palmer of the Riviera Shop.

During the show, Mrs. Don Reick was the commentator and the models were Mesdames Charles Cross, Steve Korich, Jay Shontz, John Smith and Miss Joann Pomin.

The next meeting will be held at Smart's in Truckee on July 7 at 12:30 p. m. Reservations may be made by calling JU 3-3972 or JU 3-3995 in advance.

And on June 2, Eugene McCall Clinard and Geneva Mae Rupple were married and spent their honeymoon at Tahoe and Reno, Wes and Margie Buetow were witnesses in both cases.

BOWLING ALLEY

Open house was held at the bowling alley in Kings Beach on Saturday evening. It was a tremendous success. Bill Mizner and Ruth of course assisted by Meredith and Dee Siple, part owners, proved to be delightful hosts. After viewing the building a lavish spread was set and it amounted to a feast fit for a king. It was really out of this world. The place was packed. The lanes, 16 of them, were remarkable. Then the brilliant lights came on, setting off a mass of brilliance and beauty. Congratulations were offered on all sides, even the fence provides protection and safety both for pedestrians and cars being driven in an out the parking ground. There were many former residents present, five of whom were Tom and Wilma Lucas and daughter and Billy and Cammy Alltof and son, many other.

PASSED ON

Sorry to hear of the passing of Gus Reeves, former building inspector. Gus was well liked for his common sense and understanding in matters pertaining to the duties of his office.

DOG LICENSE

If you have a dog scampering about without a license, you had better get it now as there is a penalty. The fee is $2 for a male and $2.50 for a female. Make your payment to the Poundmaster, Auburn. Be sure to state full breed, color, name and age. We have a report of dogs becoming a nuisance in many cases. And inasmuch as the officers from the Auburn dog-pound will be around our locality soon, it will be wise to attend to this immediately.

Due to expire June 15, the county will continue to rent the hatchery buildings for another six months until the county's branch administration center is completed at Tahoe City. Several county departments have maintained offices at the fish hatchery during the summer months.

IN THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA

Regular Adjourned Meeting
May 26, 1960

Present: John T. Trauner, Clerk
Wm. J. Cassettari, Deputy District Attorney

The meeting was called to order by the Chairman of the Board at 10:00 a. m. and it was noted that Supervisors J. C. Coughlan and Guy N. Robinson were absent and all other members of the Board were present.

The minutes of the previous meeting were read to the Board by the Clerk and a motion was made by Supervisor Smart, duly seconded and passed unanimously, approving the minutes as read.

The Superintendent of the County Hospital appeared before the Board and requested permission to pay his cooks at their daily wage rate for additional services performed by those cooks for vacation relief in lieu of hiring another cook. A motion was made by Supervisor Loehr, duly seconded and passed unanimously authorizing the procedure as set forth by the Superintendent.

The majority and the minority reports of the Nevada County Redistricting Committee was submitted to the Board by the Clerk and were read in their entirety to the Board. After a discussion by the Supervisors, a motion was made by Supervisor Loehr, duly seconded and passed unanimously, to have the County Surveyor prepare sufficient maps showing the proposed boundaries of both the minority and majority reports as submitted by the County Redistricting Committee and the Clerk was further directed to have the County Surveyor prepare sufficient maps of the proposed supervisorial boundaries as propounded by the Grass Valley Junior Chamber of Commerce Government Committee.

Mrs. Margery Worth, County Welfare Director, appeared before the Board and presented the Board with proposed Ordinance No. 237 which included the new salary classifications for all Welfare employees. The matter was deferred until the next meeting of the Board.

At the request of Mr. Warren Wilson, a member of the Board of Directors of the N. I. D., a motion was made by Supervisor Loehr, duly seconded and passed unanimously, granting Mr. Wilson a leave of absence from the State of California.

The County Purchasing Agent appeared before the Board and rendered a report on the installation of an exhaust fan in the ante room of the Board, and informed the Board that the estimate for such installation would be $84 complete. A motion was made by Supervisor Loehr, duly seconded and passed unanimously, authorizing Mr. Hughes to proceed with the installation.

The Purchasing Agent then presented the Board with a contract from the firm of Ernst and Ernst in regards to a management and salary survey, and the contract was read in its entirety to the Board by the Clerk. The matter was deferred until June 1, 1960.

Mr. Charles Weeks, Civil Defense Coordinator, appeared before the Board and entered into a discussion on the payment of surplus propertys that had been purchased by the department, and a motion was made by Supervisor Loehr, duly seconded and passed unanimously, setting the policy of paying all of the Civil Defense surplus claims by the Civil Defense Budget Code No. 545 and that budget to be reimbursed by transfer from the various departments actually receiving the commodities.

A motion was made at this time to adjourn for lunch to reconvene at 1:30 p. m.

AFTERNOON SESSION:

The Board reconvened at 1:30 p. m. and it was noted that Supervisors Coughlan and Robinson were absent and all other members of the Board were present.

Mr. Ed Williford appeared before the Board with a map of the Placer Glenn Subdivision and requested the Board to approve the map. After a discussion by Mr. Williford, the County Auditor and Mr. Cassettari, it was ruled by the District Attorney that the map was to be filed under the Map Act of the State of California, and was to be recorded in the County Recorder's office. Mr. Cassettari further ruled that the Board of Supervisors had no official function to perform under that act.

Mr. C. A. Shirley, Chairman of the County Board of Trade, appeared before the Board and informed the Board that the Board of Trade had voted to suspend any further contributions to the Highway 20 Association and requested a transfer from Unappropriated Reserves for additional maps. The matter of the transfer was deferred.

Mr. Shirley then requested that $2,000 in the County Board of Trade's budget be replaced that had been deleted in the Preliminary Budget study. A discussion ensued on the need for the additional $2,000, and Mr. Shirley informed the Board that they would need the additional $2,000 over and above the $8,500 budgeted in County Promotion in the coming year. The matter of amending the budget was deferred.

Mr. Walter N. MacCormack, Assistant Road Commissioner, appeared before the Board and entered into a discussion on the naming of a road within the County. A motion was made by Supervisor Loehr, duly seconded and passed unanimously, naming the connecting road between Cedar Ridge Drive and Brunswick Drive as Curry Drive.

A discussion ensued with Mr. MacCormack, the Board and the County Auditor as to the method of paying the board and lodging of the County Road Inspector in the Truckee area during the construction period of a county road. It was suggested that the Road Commissioner issue a purchase order for the board and lodging and the claim be paid in the same manner as all of the county claims are paid.

A motion was made at this time, duly seconded and passed unanimously, to adjourn Sine Die.

Chairman of the Board of Supervisors

NUMBER OF PHONES IN AREA INCREASES

There are more telephones in Truckee than ever before, according to Pacific Telephone Manager L. R. deGallery.

At the end of 1959 there were some 7,300 phones here and in the near-by communities of Brockway, Homewood, Soda Springs and South Tahoe.

This is an increase of 265 per cent over the 2,000 telephones here in 1954, deGallery said.

The total number of calls has gone up too, he said. In 1954 7,400 calls were made here each day. Last year 32,100 were placed, for a jump of 334 per cent.

deGallery added that the 49 phone workers here bring an annual payroll of $274,000.
